

STOP PLANNED PARENTHOOD IN KNOX COUNTY SCHOOLS

Planned Parenthood has been given access to Knox County Students, and at least one presentation has been done **without parental knowledge or consent** at Hardin Valley Academy. Beyond the fact that Planned Parenthood is the nation's largest abortion provider, their "wellness education" includes elements that many parents would consider unacceptable, if not pornographic. Please review the content from their Teen Wire website (www.noknoxvilleabortion.org/press_releases) and the video selections from their www.takecaredownthere.org website. We are asking every concerned leader and parent to take a clear and immediate stand against this effort to corrupt our students and degrade the gift of human sexuality.

WHAT EACH CONCERNED PERSON CAN DO TO HELP

- **SIGN** the petition to remove Planned Parenthood from our schools.
- **CONTACT** those listed on the back (Especially School Board Members) to express your opposition to Planned Parenthood's presence in our schools.
- **SHARE** this information with your friends and family.
- **ATTEND** the School Board meeting on March 2, 2011, City County Building, 400 Main to request the School Board remove PP from the approved speakers list in Knox County. If you wish to speak, you must contact the Board Secretary at (865) 594-1630 to be placed on the agenda. Your presence will send a statement to the Board.

POINTS YOU MAY WANT TO INCLUDE WHEN YOU CALL OR E-MAIL

- Planned Parenthood is the world's biggest abortion provider; their graphic websites target teens with obscene material that encourages risky sexual behavior.
- Planned Parenthood is under investigation in a number of states for violating mandatory reporting laws for sexual abuse of minors.
- Please remove Planned Parenthood from the list of approved guest speakers in our schools.
